Lara Diamond is President of JGSMD and has been researching her family for 25 years. She has traced all branches of her family back to Europe and most multiple generations back in Europe using Russian Empire-era and Austria-Hungarian Empire records. Most of her research is in modern-day Ukraine, with a smattering of Belarus and Poland. She leads JewishGen's Subcarpathia SIG, is on the Ukraine Sig board and runs several town-focused projects to collect documentation to assist all those researching ancestors from common towns.
